RE: SECTION 106 REVIEW PROJECT SUMMARY FORM AND CULTURAL RESOURCES LITERATURE REVIEW REPORT FORMER SATRALLOY SITE, JEFFERSON COUNTY, OHIO WESTLAND PROJECT NO. 1271.01 500 500

Dear Mr. Epstein:

WestLand Resources, Inc. (WestLand) is pleased to present the completed *Section 106 Review Project Summary Form* and *Cultural Resources Literature Review Report* for the former Satralloy site in Jefferson County, Ohio. The work was conducted by Lawhon & Associates on behalf of Cyprus Amax Minerals Company. Cyprus Amax is planning a remediation project at the site, as described in the Summary Form. The remediation project may require authorization by the US Army Corps of Engineers (Corps) under Section 404 of the Clean Water Act, thus further requiring evaluation of the proposed project's potential impacts to historic properties as defined by the National Historic Preservation Act.

Please review the enclosed documents and, as noted in Section V of the Summary Form, provide preliminary comments about the project to me at the letterhead address. I look forward to hearing from you.

Respectfully, WestLand Resources, Inc.

Christopher Rife Senior Project Manager
